Mobility

If you want to create a mobility application for yourself and you have never registered as mobility before, please click on "Register for Mobility >>".

You only have to do this once and never again. You can create as many mobility applications as you want. Please do not register again for a new mobility!

Please do not register for a network instead! Such requests will be deleted as this is not the correct procedure.

Participating Unit Deputy

Please register here if you want to manage a network as deputy of a coordinator or partner. You will have the same rights as the coordinator or partner but he/she will have to register for network personally if they have never done so before.

Taking that into account, you can serve as deputy for all networks of your participating unit.
